Key Eligibility Criteria

Inclusion (10)

- This is a prospective observational cohort study seeking recruitment of up to 150 SARS-CoV-2 positive adults within the Alfred Hospital care pathway. Study participants will have a clinical encounter across two timepoints, the first time point occurring within 5 days after testing positive for COVID-19 (acute-phase) and the second time point occurring when negative; at least 3 weeks after testing positive for COVID-19 (convalescent phase).
 - Acute-phase encounter:
 - Participants have been tested for SARS-CoV-2 (RAT or PCR) in the last 5 days.
 - Participants have provided verbal informed consent.
 - 18 years of age or older
- ... and 5 more (see full listing online)

Exclusion (1)

- < 18 years.

Locations (1 total)
