

Online Study of People Who Have Genetic Changes and Features of Autism: Simons Searchlight

NCT01238250

Status	RECRUITING
Sponsor	Simons Searchlight
Enrollment	100,000 participants

Key Eligibility Criteria

Inclusion (4)

- Subjects of any age with a genetic condition on our eligible list along with their biological family members. Current list can be found at: <https://www.simonssearchlight.org/research/what-we-study/>
- Must be fluent in English or a supported language. Current supported languages are Spanish, French, and Dutch, with more to come.
- Able to register and participate through our online platform, which can be accessed through any device able to connect to the internet.
- Able and willing to provide consent.

Exclusion (1)

- Some genetic changes that we study have regions or variants that are not eligible for our research. This is determined during our laboratory review that is completed by trained and certified genetic counselors. These specific ineligible regions or variants can change frequently.
