

# National Eye Institute Biorepository for Retinal Diseases

NCT01496625

---

<b>Status</b>	RECRUITING
<b>Sponsor</b>	National Eye Institute (NEI)
<b>Enrollment</b>	650 participants

## Key Eligibility Criteria

---

### Inclusion (3)

- Participants will be eligible if they:
- Have the ability to understand and sign an informed consent or have a parent/legal guardian to do so if they are minor children.
- Manifest diagnosed or undiagnosed retinal disease(s), or could serve as an unaffected control suitable for comparison to participants with various retinal diseases, particularly AMD and diabetic retinopathy (taking into account matching factors such as age and past ocular history).

### Exclusion (4)

- Participants will not be eligible if they:
- Are unable or unwilling to give informed consent that includes collection and study of at least one peripheral blood sample.
- Are unable or unwilling to give informed consent that includes use of NIH medical records and clinical samples for research.
- Have a systemic disease that compromises the ability to provide adequate ophthalmologic examination or treatment.
