

Longitudinal Natural History Study of Patients With Peroxisome Biogenesis Disorders (PBD)

NCT01668186

Status	RECRUITING
Sponsor	McGill University Health Centre/Research Institute of the McGill University Health Centre
Enrollment	244 participants

Key Eligibility Criteria

Inclusion (2)

- Diagnosis of PBD or
- Single peroxisome enzyme/protein defect with phenotype similar to PBD

Exclusion (2)

- Not a PBD
- Not a single peroxisome enzyme/protein defect with phenotype similar to PBD

Locations (1 total)

Research Institute of the McGill University Health Center, Montreal, Quebec, Canada
