

# Adaptive Optics Retinal Imaging

NCT02317328

---

**Status** RECRUITING  
**Sponsor** National Eye Institute (NEI)  
**Enrollment** 1,000 participants

## Key Eligibility Criteria

---

### Inclusion (5)

- Participants will be eligible if they:
- Are 12 years of age or older.
- Have the ability to cooperate with an eye exam and adaptive optics imaging.
- Have the ability to understand and sign an informed consent or have a parent/legal guardian to do so if they are minor children.
- Have an eye disease or are a healthy volunteer with a normal eye exam (no visually-significant eye findings on examination).

### Exclusion (6)

- Participants will not be eligible if:
- They have a condition which prevents adequate images from being obtained (e.g. unstable fixation or media opacity).
- Participants are not eligible for fluorescein and/or indocyanine green imaging if they:
- Are under 18 years of age.
- For participants who will undergo fluorescein imaging have a history of adverse reaction to fluorescein.
