

# NIAID Centralized Sequencing Protocol

NCT03206099

---

<b>Status</b>	RECRUITING
<b>Sponsor</b>	National Institute of Allergy and Infectious Diseases (NIAID)
<b>Enrollment</b>	20,000 participants

## Key Eligibility Criteria

---

### Inclusion (11)

- Must fulfill one of the following criteria:
  - Proband participants: must be individuals under investigation by another NIH protocol on which they are co-enrolled, or are referred from the GDMCC protocol "Defining the Genetic Etiology of Suppurative Lung Disease in Children and Adults" (NCT04702243). Probands may have a disease under investigation or be healthy volunteers
  - Biological relatives: biologically related to a proband participant.
  - Aged 0-99 years.
  - Participants must be willing to undergo genetic testing.
- ... and 6 more (see full listing online)

### Exclusion (1)

- Any condition that, in the opinion of the investigator, contraindicates participation in this study is a reason for exclusion.
