

# Abdominal Wall Transplant

NCT03310905

---

Status	RECRUITING
Phase	Not Applicable
Sponsor	Duke University
Enrollment	5 participants

## Key Eligibility Criteria

---

### Inclusion (3)

- Candidates between 18-65 years old
- Willingness and legal ability to give consent
- Abdominal Wall in combination with another organ transplant: they must be eligible for the non-vascularized composite allograft organ transplant at Duke

### Exclusion (3)

- Malignancy at evaluation or history of malignancy that precludes transplantation
- Pregnancy: Women who are of childbearing potential must have a negative serum pregnancy test within 48 hours of transplant and agree to use reliable contraception with two contraceptive methods for a minimum of 2 years following abdominal wall transplantation. Subjects seeking to become pregnant following 2 years will be made aware during the consent process that the effect of pregnancy on the transplanted abdominal wall and vice versa is unknown.
- Ongoing substance abuse or history of untreated substance abuse
