

Early Tracking of Childhood Health Determinants (ETCHED) Study

NCT03481829

Status	RECRUITING
Sponsor	National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK)
Enrollment	1,500 participants

Key Eligibility Criteria

Inclusion (5)

- In order to be eligible to participate in this study, an individual must meet all of the following criteria:
- Pregnant women aged 18 years or older (pregnancy confirmed by urine or serum pregnancy test, or ultrasound examination)
- American Indian or Hispanic by self-report
- Agree to continue with research study participation (both mother and their offspring), for at least 3 years after delivery.
- In case where a pregnant mother is carrying multiple fetuses (multiple pregnancy), she will be eligible to participate in this study and all her live newborns, as a result of that pregnancy, will be eligible for participation in this study. Mothers will also be eligible to participate with any consecutive pregnancies.

Exclusion (3)

- An individual who meets any of the following criteria will be excluded from participation in this study:
- Women who are incarcerated or are unable to consent.
- Women whose fetus is not viable or are not planning to continue the pregnancy.
