

# Remote Ischaemic Preconditioning in Transplantation (RIPTRANS)

NCT03855722

---

Status	RECRUITING
Phase	Not Applicable
Sponsor	Helsinki University Central Hospital
Enrollment	496 participants

## Key Eligibility Criteria

---

### Inclusion (1)

- Brain-dead organ donor with a plan of harvesting at least one kidney

### Exclusion (4)

- Haemodynamically unstable donor
- Age below 18 years
- Planned organ recipients are recruited to another prospective trial, which prevents participation in this trial.
- All organ recipients receiving organs (kidney, liver, pancreas-kidney, heart, lungs) from a randomized donor will be recruited providing that the recipient surgery is performed at Helsinki University Hospital, recipient is over 18 years old, and recipient gives written informed consent to participate in the trial.

## Locations (1 total)
