

# Circulating Non-coding RNA in Acute Ischemic Stroke with Endovascular Treatment (EVTRNA)

NCT04230785

---

**Status** RECRUITING  
**Sponsor** Nanjing First Hospital, Nanjing Medical University  
**Enrollment** 300 participants

## Key Eligibility Criteria

---

### Inclusion (5)

- Aged 18 years or older
- Confirmed acute ischemic stroke by a diffusion-weighted imaging-position lesion on magnetic resonance imaging (MRI) and a new lesion on a brain computed tomography (CT) scan
- Within 24 hours of symptom onset and treat with endovascular therapy
- Good performance status
- Signed an approved informed consents

### Exclusion (1)

- a history of hemorrhagic infarction, chronic kidney/liver diseases, peripheral arterial occlusive disease, active malignant disease, and inflammatory or infectious diseases

## Locations (1 total)
