

Terumo Aortic Global Endovascular Registry

NCT04246463

Status RECRUITING
Sponsor Vascutek Ltd.
Enrollment 1,000 participants

Key Eligibility Criteria

Inclusion (6)

- Minimum age as per local regulations
 - Indication for aortic endovascular repair with an approved or CE marked by a Regulatory body or custom-made Terumo Aortic Endovascular graft
 - Ability to provide informed consent
 - o Emergent cases (typically younger patients with traumatic injuries) are not excluded if there is IRB/EC agreement to allow consent after intervention (i.e. consent to study participation, not to treatment) or use of a Legally Authorized Representative (LAR).
 - Willingness to comply with the registry protocol
- ... and 1 more (see full listing online)

Exclusion (1)

- Patient is unable or unwilling to comply with the study follow-up regime. Patient is contraindicated per the IFU, or has any other medical, social or psychological problems that in the opinion of the investigator preclude them from receiving treatment as well as the procedures and evaluations pre and post procedure.
