

Stargardt-like Macular Dystrophy (STDG3) Secondary to Mutations in ELOVL4

NCT04591483

Status	RECRUITING
Sponsor	National Eye Institute (NEI)
Enrollment	25 participants

Key Eligibility Criteria

Inclusion (5)

- Stated willingness to comply with all study procedures and availability for the duration of the study.
- Participant must be at least ten years of age.
- Ability to perform required functional testing and ophthalmic imaging.
- A mutation in ELOVL4 with a typical clinical presentation of Stargardt-like macular dystrophy.
- Participant (or legal guardian) must understand and sign the protocol s informed consent document.

Exclusion (2)

- Two or more definitive mutations in ABCA4 and/or one mutation in RDS/peripherin or PROM1.
- Systemic medical contraindications that are rarely associated with ELOVL4 (e.g., Spinocerebellar Ataxia-34).
