

WE-TRUST (Workflow Optimization to Reduce Time to Endovascular Reperfusion for Ultra-fast Stroke Treatment)

NCT04701684

Status	RECRUITING
Phase	Not Applicable
Sponsor	Philips Clinical & Medical Affairs Global
Enrollment	594 participants

Key Eligibility Criteria

Inclusion (7)

- Subject is 18 years of age or older, or of legal age to give informed consent per state or national law.
- Baseline NIHSS score obtained prior to randomization must be equal or higher than 10 points.
- Subjects with no significant pre-stroke functional disability (modified Rankin scale 0 - 2).
- Subjects suspected of acute ischemic stroke with an estimated arrival time at a stroke center (clinical investigational site participating in this study) < 6 hours from symptom onset OR wake-up stroke with time last known well of < 12 hours and symptoms discovered within 6 hours from arrival time at a stroke center. Symptom onset is defined as point in time the patient was last known well (at baseline).
- Informed consent obtained from patient or his or her legally designated representative (if locally required).

... and 2 more (see full listing online)

Exclusion (20)

- Known hemorrhagic diathesis, coagulation factor deficiency, or oral anticoagulant therapy with INR > 3.0
- Known baseline platelet count < 30.000/L
- Baseline blood glucose of < 50mg/dL (< 2.78mmol/l)
- For patients receiving thrombolysis: severe, sustained hypertension (SBP > 185 mm Hg or DBP > 110 mm Hg). Note: If the blood pressure can be successfully reduced and maintained at the acceptable level using AHA/ASA guidelines recommended medication (including IV antihypertensive drips), the patient can be enrolled.
- Patients from a transfer center (Primary Stroke Center) with a CT/MR that is not required to be redone in the Comprehensive Stroke Center as per discretion of the physician or per local standards (e.g. CT/MR less than 90 minutes old).

... and 15 more (see full listing online)

Locations (23 total)

Baptist Medical Center, Jacksonville, Florida, United States
Grady Memorial Hospital/Emory University, Atlanta, Georgia, United States
Montefiore Medical Center, The Bronx, New York, United States
