

Autologous Mitochondrial Transplant for Cerebral Ischemia

NCT04998357

| | |
|-------------------|--------------------------|
| Status | RECRUITING |
| Phase | Not Applicable |
| Sponsor | University of Washington |
| Enrollment | 20 participants |

Key Eligibility Criteria

Inclusion (3)

- Eligible for endovascular thrombectomy to treat acute large vessel occlusion
- Eligible for angioplasty (microcatheter-based balloon/mechanical and chemical angioplasty) to treat acute cerebral vasospasm after aneurysmal subarachnoid hemorrhage
- Subjects for whom there is likely to be enough time to obtain meaningful consent from patient or legally-authorized representative

Exclusion (3)

- Unable to receive a brain MRI scan
- Known mitochondrial disease
- Hemodynamically unstable patients in whom standard of care endovascular reperfusion treatment cannot safely be performed or completed

Locations (1 total)

Harborview Medical Center, Seattle, Washington, United States
