

Middle Cerebral Artery Aneurysm Trial

NCT05161377

Status	RECRUITING
Phase	Not Applicable
Sponsor	University of Alberta
Enrollment	400 participants

Key Eligibility Criteria

Inclusion (4)

- Patients at least 18 years of age
- At least one documented, intradural, intracranial aneurysm anywhere on the course of the MCA vessel, ruptured or unruptured. An untreated ruptured aneurysm (with delay in diagnosis) which is suspected to have occurred more than 30 days prior to study inclusion will be considered an unruptured aneurysm
- In the case of SAH, WFNS grade 4 or less
- The patient and aneurysm are considered appropriate for either surgical or endovascular treatment by the treating team

Exclusion (4)

- Patients with absolute contraindications administration of contrast material (any type)
- Patients with AVM-associated aneurysms
- Patients or caregivers unable to provide consent
- Poor grade (WFNS 5) ruptured aneurysms

Locations (1 total)
