

Blood Warming in Preterm Infants to Decrease Hypothermia

NCT05170633

Status	RECRUITING
Phase	Not Applicable
Sponsor	University of South Carolina
Enrollment	140 participants

Key Eligibility Criteria

Inclusion (3)

- Any infant born at PRISMA Health Richland hospital
- less than 32 weeks gestational age by obstetrical dating as indicated in the electronic medical chart
- admitted to the neonatal intensive care unit receiving one PRBC transfusion within the first month of life.

Exclusion (1)

- Infants having neurological anatomical abnormalities or major brain hemorrhage (Grade III or IV), because neurological damage can interfere with thermal control.
