

Rapid Rehabilitation to Treat Lower Extremity Trauma

NCT05225792

Status	RECRUITING
Phase	Not Applicable
Sponsor	Mayo Clinic
Enrollment	40 participants

Key Eligibility Criteria

Inclusion (6)

- Research participants will be eligible active duty service members and retired veterans.
- Having lower limb trauma (transtibial and transfemoral amputations, bilateral amputations, and limb salvage).
- Are enrolled in conventional rehabilitation at the participating military treatment centers.
- Subjects with dysvascular disease will be excluded because compromised lower limb somatosensation and circulation are independently linked with poor postural stability and a history of frequent falls.
- For subjects with amputations, the individual must be a community ambulator (i.e., K-Level 3 or 4).

... and 1 more (see full listing online)

Exclusion (1)

- \- Subjects must not have excessive pain or other neuromuscular problems that preclude them from performing the test protocol.
