

Ethnic and Gender Based Admittance Patterns in the ICU

NCT05513456

Status	RECRUITING
Sponsor	Karolinska Institutet
Enrollment	5,000 participants

Key Eligibility Criteria

Inclusion (1)

- We will include intensive care physicians, both in training and specialists as responders in this randomized survey study

Exclusion (1)

- We will exclude "button-mashers", i.e. participating respondents that toggle through the case descriptions faster than they possibly could read the case description. A case answered ≤ 20 seconds will be ruled out.

Locations (1 total)
