

# Collection of Clinical Data and Specimens for Research in Hearing, Balance, Taste, Smell, Voice, Speech, and Language Disorders.

NCT05670496

---

<b>Status</b>	RECRUITING
<b>Sponsor</b>	National Institute on Deafness and Other Communication Disorders (NIDCD)
<b>Enrollment</b>	600 participants

## Key Eligibility Criteria

---

### Inclusion (7)

- In order to be eligible to participate in this study, an individual must meet all of the following criteria:
  - Patients must be age 2 years or older if procedures or treatment are required.
  - Patients at risk, suspected of having, have a history of, or currently have a diagnosed hearing, balance, taste, smell, voice, speech, language, and other ENT disorder.
  - An NIDCD clinical investigator and PI determines it is in the interest of the patient/individual and NIDCD CRP for the subject to undergo consult, treatment or follow-up at the NIDCD/NIH
  - Patient or their Legally Authorized Representative is able to provide informed consent. The consent form will be signed by parents or guardians of patients under the age of 18.
- ... and 2 more (see full listing online)

### Exclusion (5)

- An individual who meets any of the following criteria will be excluded from participation in this study:
- Active oral sores, open cuts, or significant oral pain
- Recent oral surgery or dental procedures within the past 7 days
- Known allergy or hypersensitivity to tannins or polyphenols
- Acute upper respiratory infection or conditions that may interfere with taste perception
