

# International Rare Brain Tumor Registry

NCT05697874

---

Status	RECRUITING
Sponsor	Children's National Research Institute
Enrollment	5,800 participants

## Plain Language Summary

---

This international registry collects data on patients with rare and unusual brain tumors — including CNS sarcomas, BCOR-altered tumors, astroblastomas, and other hard-to-classify brain cancers — to help researchers better understand and treat these conditions.

**\*\*You may be eligible if...\*\***

- You have been diagnosed with (or are suspected to have) a rare brain tumor such as CNS sarcoma, BCOR-altered tumor, astroblastoma, or another unclassifiable brain tumor
- You (or your parent/guardian) are willing to sign an informed consent
- You were diagnosed at age 46 or younger

**\*\*You may NOT be eligible if...\*\***

- Your primary tumor is outside the brain or spine (CNS)
- You or your family are unwilling to participate or provide consent
- You are older than 46 at the time of diagnosis

Talk to your doctor to see if this trial is right for you.

## Key Eligibility Criteria

---

### Inclusion (6)

- Patients with a known or suspected CNS Sarcoma.
- Patients with a known or suspected BCOR-altered brain tumor
- Patients with a known or suspected Astroblastoma/NM-1 altered brain tumor
- Patients with known or suspected histologically ambiguous/unclassifiable brain tumor
- Patients with a known or suspected rare brain tumor.

... and 1 more (see full listing online)

### Exclusion (3)

- The patient has an extra-CNS primary tumor.
- The patient is older than 46 years of age at diagnosis.
- The patient or family is not willing to participate or does not sign informed consent.

## Locations (10 total)

---

Children's Hospital Los Angeles, Los Angeles, California, United States  
University of California San Francisco, San Francisco, California, United States  
Children's National Hospital, Washington D.C., District of Columbia, United States

... and 7 more locations
