

Healthy Mums, Healthy Babies: Multiple Micronutrient Supplementation in Ethiopia

NCT05708183

Status RECRUITING
Sponsor London School of Hygiene and Tropical Medicine
Enrollment 25,620 participants

Key Eligibility Criteria

Inclusion (2)

- For the primary outcome, mothers who deliver a liveborn child in enrolled health facilities and who are willing/consent to participate in the study.
- For the secondary objectives, all antenatal care staff and women attending for routine antenatal care during the survey periods will be included.

Exclusion (1)

- For the primary outcome, stillbirths will be excluded. Data for any newborn who subsequently dies while still in the facility will be excluded from all secondary analyses.
