

Support Via Online Social Networks to Promote Safe Infant Care Practices

NCT05767658

Status	RECRUITING
Phase	Not Applicable
Sponsor	University of Virginia
Enrollment	3,000 participants

Key Eligibility Criteria

Inclusion (5)

- Currently enrolled in WIC, or if not, then have either Medicaid or no health insurance
- Must be English speaking
- Must be pregnant and less than 30 weeks gestation
- Must live in the United States
- Must have regular access to Facebook and short message service (SMS) texting (mobile phone)

Exclusion (6)

- Not planning to live in same home as infant after birth.
- Prenatal diagnosis expected to impact on infant care practices in a manner not compatible with study goals, including contraindications to feeding any breastmilk or supine infant sleep positioning.
- Known or reported mental health or other issues that would preclude custody of the infant or being able to participate in the informed consent process.
- Meets the definition of a minor according to applicable state law.
- Participants who consent to participation in the study, must complete the Agile Onboarding process before they reach 30+0 weeks gestation.
