

Real-Time Cholangioscopy Artificial Intelligence Evaluation of Biliary Strictures

NCT05779436

Status RECRUITING
Sponsor Mayo Clinic
Enrollment 100 participants

Key Eligibility Criteria

Inclusion (4)

- Age ≥ 18 years old
- Anticipation that patient may undergo POC during an endoscopic retrograde cholangioscopy
- Pregnant patients can be included in the study. Use of the POC-CNN does not convey any new risk to the patient nor fetus.
- Non-English speaking subjects will be included in the study. Consent for the procedure itself is always done with the assistance of an interpreter via telephone or video. Use of the POC-CNN will be discussed with all patients via this interpreter during the procedure consent.

Exclusion (3)

- Age <18 years old
- No indication that cholangioscopy will be performed during endoscopic retrograde cholangiopancreatography (ERCP)
- Prisoner
