

# Efficacy in Controlling Myopia in Young Children Using a Novel Spectacle Lens

NCT06034327

---

Status	RECRUITING
Phase	Not Applicable
Sponsor	SightGlass Vision, Inc.
Enrollment	150 participants

## Key Eligibility Criteria

---

### Inclusion (9)

- Children 6 - 8 years of age (inclusive) at time of informed consent/assent;
  - Spherical equivalent refractive error between -0.75 and -4.50 D inclusive (by manifest refraction) in each eye;
  - Astigmatism if present, less than or equal to -1.25 DC (by manifest refraction) in each eye;
  - Best corrected visual acuity by manifest refraction of +0.10 logMAR (20/25 Snellen equivalent) or better in each eye;
  - The difference in spherical equivalent power between the two eyes (anisometropia based on manifest refraction) must be less than or equal to 1.50 D;
- ... and 4 more (see full listing online)

### Exclusion (9)

- Subject has previously or currently wears contact lenses (greater than 1-month usage);
  - Current or prior use of bifocals, progressive addition spectacle lenses
  - Current or prior use of any myopia control treatment (e.g., atropine, multifocal contact lenses, orthokeratology);
  - Amblyopia in either eye;
  - Strabismus by cover test at far (4 m) or near (40 cm) wearing distance correction;
- ... and 4 more (see full listing online)
