

Outcomes After Tracheal Cannula Removal

NCT06047665

Status RECRUITING
Sponsor Katharina Winiker
Enrollment 150 participants

Key Eligibility Criteria

Inclusion (4)

- at the time of recruitment, tracheotomized adult in-patients (≥ 18 years) of the SPC with any medical diagnosis
- decannulated in the Swiss Paraplegic Center Nottwil within the project's data collection period
- German, French, Italian or English as communication language
- study consent

Exclusion (2)

- patients for whom no decannulation is sought (e.g., due to degenerative illness)
- patients for whom decannulation is planned in a clinic other than the SPC (e.g., patients hospitalized in the SPC for weaning only)

Locations (1 total)

Swiss Paraplegic Center Nottwil, Nottwil, Canton of Lucerne, Switzerland
