

OnabotulinumtoxinA for Trigeminal Neuralgia

NCT06216886

Status	RECRUITING
Phase	Phase 4
Sponsor	Stanford University
Enrollment	20 participants

Key Eligibility Criteria

Inclusion (9)

- Men and women age 18 or older
 - Judged to be of legal competence
 - Sufficient knowledge of written and spoken English
 - Capable of attending regular in-person visits
 - Have failed/not a candidate/do not want surgery
- ... and 4 more (see full listing online)

Exclusion (5)

- Secondary or Idiopathic TN, or Painful Trigeminal Neuropathy as defined by the ICHD (13.1.1.2, 13.1.1.3, 13.1.2)
- Pregnant or breast feeding (while it is rare that a patient will be pregnant with TN, there is not sufficient data to say definitively that onabotA is ok to use during pregnancy and nursing, it is still rated Class C)
- Neuromuscular disease
- On aminoglycosides
- Not currently enrolled in any other studies
