

Growing Little PEAPODS Study

NCT06226051

Status	RECRUITING
Sponsor	University of Wisconsin, Madison
Enrollment	120 participants

Key Eligibility Criteria

Inclusion (7)

- Born inpatient at Meriter Hospital, Inc. at or above 22 gestational weeks. Upper limit is 32 weeks 6 days GA (possible gestational age range from 22w0d-32w6d)
 - Birthing parent must speak English or Spanish due to consent documents
 - Able to understand and willing to sign a written informed consent document
 - Primary caregiver of a neonate who is eligible to participate in the study
 - Agrees to enroll neonate into the study
- ... and 2 more (see full listing online)

Exclusion (6)

- Known genetic condition that impacts neurodevelopmental outcomes or brain structure development
 - Multiple major congenital anomalies
 - Per the investigator's opinion, the subject will likely require transfer to American Family Children's Hospital (AFCH) before 36 weeks PMA
 - Any neonate who enrolls in the study and then unexpectedly requires transfer to AFCH before 36 weeks PMA will be excluded from the study if they are unable to obtain at least one body composition measurement before transfer. Body composition data points can only be collected at Meriter Hospital due to the location of PEAPOD
 - Subject is unable to provide informed consent, including subjects in foster care and subjects within state custody
- ... and 1 more (see full listing online)
