

Umbrella Study for Single Patient Treatments in Oncology

NCT06285500

Status	RECRUITING
Sponsor	University Health Network, Toronto
Enrollment	400 participants

Key Eligibility Criteria

Inclusion (1)

- Patient's existing genomic information from tumor molecular profiling will be discussed in the hospital expert molecular tumor board rounds consisting of representatives from specialist genomic profiling and medical oncology departments to decide N of 1 treatment for the patient. The discussion will surround the best next therapeutic option in the patient's cancer subtype with or without clear standard of care guidelines. Therefore, specific eligibility criteria aside from individual patient's medical history is not applicable.
