

# Optical Genome Mapping for the Diagnosis of Neurodevelopmental Disorders

NCT06347562

---

Status	RECRUITING
Phase	Not Applicable
Sponsor	IRCCS Eugenio Medea
Enrollment	58 participants

## Key Eligibility Criteria

---

### Inclusion (1)

- subjects with neurodevelopmental disorders carrying a structural variant identified by standard cytogenetic analyses (Karyotyping/FISH/Chromosomal Microarray Analysis)

### Exclusion (1)

- none

## Locations (1 total)

---

Scientific Institute E. Medea, Bosisio Parini, Lecco, Italy
