

Japi: Cognitive, Emotional and Social Stimulation for Preschool Children

NCT06420544

Status	RECRUITING
Phase	Not Applicable
Sponsor	Universidad de los Andes, Chile
Enrollment	120 participants

Key Eligibility Criteria

Inclusion (6)

- For schools:
 - Schools located in Santiago (Chile).
 - Schools with Preschool Education.
 - Mixed-sex schools.
 - Schools with vulnerability (e75%), measured with the School Vulnerability Index - National System of Equality Allocation (IVE-SINAE). This index is the proportion of students in a given school with high vulnerability. This index considers the following socioeconomic variables to group the schools: mother's educational level, father's educational level, and total monthly household income, among others.
- ... and 1 more (see full listing online)

Exclusion (6)

- Three or more classes in Preschool. This criterion was considered for economic and practical reasons.
 - Implementing a manualized program to promote cognitive or social-emotional skills.
 - Participating in a similar study.
 - For students:
 - Children with intellectual disability
- ... and 1 more (see full listing online)
