

Evaluating a Water Quality Assurance Fund Intervention in Ghana and Kenya

NCT06570005

Status	RECRUITING
Phase	Not Applicable
Sponsor	The Aquaya Institute
Enrollment	4,800 participants

Key Eligibility Criteria

Inclusion (6)

- Eligibility to receive the intervention was determined by water system criteria:
- The district or county government was interested in participating in the Assurance Fund program and water systems within the district/county were accessible to a partner central laboratory that was able to provide water sample collection and testing services for a fee.
- Water systems were functional.
- Water systems were piped water systems (Kenya, Ghana) or mechanized boreholes with a single tapstand (Ghana).
- Water systems could afford regular water quality testing from the selected laboratory.
