

Ultrasound Neuromodulation in Essential Tremor

NCT06610877

Status	RECRUITING
Phase	Not Applicable
Sponsor	University of California, San Francisco
Enrollment	60 participants

Key Eligibility Criteria

Inclusion (1)

- Patients with medically refractory tremor scheduled to undergo MR-guided high-intensity focused ultrasound (HIFU) thalamotomy to treat their tremor at UCSF.

Exclusion (1)

- Due to the logistical complexity of performing MRI in patients with MR-conditional pacemakers (need for device and patient monitoring), patients with pacemakers will be excluded from enrollment. All other patients undergoing HIFU thalamotomy for tremor will be eligible for enrollment.

Locations (1 total)
