

# OM 85 to Prevent Respiratory Infections in Older At Risk Patients

NCT06655272

---

Status	RECRUITING
Phase	Phase 4
Sponsor	Campus Bio-Medico University
Enrollment	360 participants

## Key Eligibility Criteria

---

### Inclusion (5)

- Age 75 years or older
- At least 2 RTIs in the year prior to enrollment
- Patients must have been residing in nursing homes for at least 6 months and have an estimated length of stay in nursing homes of at least 6 months by their treating physician.
- Signed informed consent. If participants are unable to provide informed consent due to cognitive impairment, consent will be provided by a legally recognized representative or trustee of the patient (pursuant to Article 4 of Law No. 219 of December 22, 2017).
- Have a life expectancy of at least one year in the judgment of their treating physician.

### Exclusion (8)

- Patients with known allergy or previous intolerance to any component (including the excipient) of the study drug
- Patients with active neoplasia and prognosis of less than one year
- Patients with previous organ transplantation
- Patients treated with prohibited drugs (see Table 1) in the 3 months prior to the start of the study
- Patients who have taken bacterial lysates in the 6 months prior to enrollment or are currently using them
- ... and 3 more (see full listing online)
