

The Impact of Heavy Alcohol Use on Saliva and Oral Health

NCT06684483

Status	RECRUITING
Sponsor	National Institutes of Health Clinical Center (CC)
Enrollment	72 participants

Key Eligibility Criteria

Inclusion (16)

- To be eligible to participate in this study, an individual must meet all the following criteria:
- AUD participants:
- Stated willingness to comply with all study procedures and availability for the duration of the study.
- Treatment-seeking individuals aged 18 years or older.
- Able to read and speak English.

... and 11 more (see full listing online)

Exclusion (7)

- An individual who meets any of the following criteria will be excluded from participation in this study:
- Patients with AUD and Healthy Control Participants:
- The presence of a condition or illness that would hamper the individual giving informed consent (e.g., cognitive impairment).
- Part 2 Only: Self-reported presence of a condition or illness that would prevent the individual to have a diagnostic oral examination (e.g., oral cancer of the mouth, Sjogren's syndrome).
- Pregnant or breastfeeding

... and 2 more (see full listing online)
