

# Research on Early Prediction Model of Ischemic Cerebrovascular Disease Based on Artificial Intelligence Technology.

NCT06978348

---

**Status** RECRUITING  
**Sponsor** Shanghai Jiao Tong University School of Medicine  
**Enrollment** 244,296 participants

## Key Eligibility Criteria

---

### Inclusion (1)

- Patients undergoing vascular (carotid/vertebral artery) B-ultrasound

### Exclusion (1)

- Patients with missing clinical data such as medical history, cerebrovascular ultrasound results and biochemical data

## Locations (1 total)

---

Model, Shanghai, Shanghai Municipality, China
