

# ZeroHeart Biopsy - Prediction of Deceased Donor Heart Transplant Performance From Organ Donors Using Pre-Transplant Biopsies - A Pilot Study

NCT06982404

---

**Status** RECRUITING  
**Sponsor** Medical University of Vienna  
**Enrollment** 50 participants

## Key Eligibility Criteria

---

### Inclusion (1)

- All hearts from standard and expanded criteria donors as well as donor hearts from Donation after circulatory death (DCD) undergoing a heart biopsy at pre-implantation (at procurement) will be included. Consent will be obtained from the recipient at the time of transplant listing.

### Exclusion (1)

- Hearts will be excluded from the study if the participating clinician decides to discard the organ before transplantation or the recipient declines that the biopsy will be performed at the organ procurement.
