

# A Study on the Biomechanical Mechanisms of Orthotic/Physical Training Correction of Hallux Valgus and Its Impact on the Lower Limbs

NCT07036120

---

Status	RECRUITING
Phase	Not Applicable
Sponsor	Wan Xinzhu
Enrollment	20 participants

## Key Eligibility Criteria

---

### Inclusion (4)

- Hallux valgus angle  $\gt 15^\circ$
- Age 18-45 years
- Right leg dominant (based on the Waterloo Foot Questionnaire)
- Bilateral hallux valgus

### Exclusion (2)

- History of lower limb surgery or neuromuscular diseases causing gait abnormalities (such as lumbar disc herniation and chronic ankle instability)
- Any treatment for hallux valgus within the past 3 months

## Locations (1 total)
