

# Post-ERCP Pancreatitis - Prophylactic Measures Implementation Study (PEP-PROMIS)

NCT07244432

---

Status	RECRUITING
Sponsor	Branislav Kuncak
Enrollment	1,000 participants

## Key Eligibility Criteria

---

### Inclusion (3)

- ERCP in a patient with a native papilla (first ERCP) or repeat ERCP in a patient with previous failed cannulation attempt.
- Age at least 18 years at the time of ERCP.
- Signed informed consent.

### Exclusion (7)

- Previous papillotomy, papilla dilation, or sphincteroplasty.
- Rendez-vous cannulation technique.
- ERCP not performed due to insufficient patient cooperation.
- ERCP terminated before cannulation due to sedation/anesthesia-related complications.
- Failure to reach the Vater's or minor papilla (e.g. duodenal stenosis).
