

Respiratory Infections in Young Children

NCT07249996

Status RECRUITING
Sponsor Eduardo Lopez -Medina
Enrollment 1,088 participants

Key Eligibility Criteria

Inclusion (4)

- Newborns younger than 29 days of life, with or without pre-existing conditions
- Infants whose parent(s) or guardian(s) are available for telephone contact for the duration of the study, and do not intend to relocate outside of the study area, to ensure adherence to RTI and in-person visits.
- Infants whose parent(s) or guardian(s) provide informed consent to participate in the study.
- Infants whose parent(s) or guardian(s) are willing to authorize data and specimen collection, storage and analysis.

Exclusion (1)

- Infants born to a pregnant mother under 14 years of age (under Colombian law, pregnancies occurring in individuals younger than 14 years of age are legally presumed to result from sexual abuse).
