<b>Phase</b>	Not Applicable
<b>Sponsor</b>	Pedro Angelo Basei de Paula
<b>Enrollment</b>	300 participants

## Key Eligibility Criteria

---

### Inclusion (12)

- Patients:
- Adults (≥18 years) attended at the participating outpatient clinics of the Hospital de Clínicas - Federal University of Paraná during the study period.
- Under the care of a physician participating in the trial.
- Ability to understand Portuguese and provide informed consent for the audio recording of the consultation and completion of brief questionnaires.
- Ability to complete post-consultation questionnaires during interview.

... and 7 more (see full listing online)

### Exclusion (6)

- Patients under 18 years of age.
- Emergency consultations, urgent care, or inpatient care.
- Patients with significant cognitive impairment, acute distress, or clinical instability that, in the opinion of the treating physician, precludes providing consent or completing questionnaires, except when accompanied by a legal guardian capable of providing consent on their behalf.
- Patients under legal guardianship or who, for any reason, cannot provide consent on their own, except when the guardian or legal representative is present and can provide informed consent.
- Consultations where either the patient or the physician refuses audio recording or participation in the study.

... and 1 more (see full listing online)
