

Improving Outcomes in Social Services Through Routine Outcome Monitoring and Systematic Client Feedback

NCT07303608

Status	RECRUITING
Phase	Not Applicable
Sponsor	Karolinska Institutet
Enrollment	400 participants

Key Eligibility Criteria

Inclusion (1)

- People who have been granted assistance under the Social Services Act at includes centers.

Exclusion (2)

- People who do not have sufficient knowledge of Swedish or have impaired cognitive functions that prevent them from using FIT in Swedish, as they cannot benefit from the intervention that the study intends to evaluate the effects of. This is assessed by the respective social service.
- People who receive support and treatment interventions that are not voluntary, i.e. interventions according to the Act on the Compulsory Care of Young People (LVU) or the Act on the Compulsory Care of Drug Abusers (LVM)
