

Precision Diagnosis and Risk Stratification of Rare Cardiomyopathies Based on Novel Cardiac Magnetic Resonance Techniques

NCT07336394

Status RECRUITING
Sponsor Chinese Academy of Medical Sciences, Fuwai Hospital
Enrollment 1,000 participants

Key Eligibility Criteria

Inclusion (1)

- Patients who have received a cardiac magnetic resonance examination since 2010 and have a suspicion of rare cardiomyopathy.

Exclusion (3)

- Severe arrhythmia;
- Severe primary cardiac valvular disease;
- Refuse to participate in the study.

Locations (1 total)

Fuwai Hospital, Beijing, China
