

ACT Together: Implementing a Web-Based Program With Brief Coaching for Parents of Children With Disabilities in Pediatric Outpatient Clinics

NCT07360600

Status	RECRUITING
Phase	Not Applicable
Sponsor	University of South Florida
Enrollment	60 participants

Key Eligibility Criteria

Inclusion (6)

- Community-dwelling adults (aged ≥18 years) with primary caregiving responsibility for a child with disabilities (aged <18 years) who is enrolled in a participating clinic;
- Expected to use services at the participating clinic at least once per week over the next three months;
- Willing to learn strategies to cope with emotions and thoughts; and
- Have access to a web-enabled device (e.g., smartphone, tablet, laptop, or desktop) with reliable internet access at home or in a public space (e.g., library).
- Have three or more years of clinical experience in a pediatric setting and be willing to participate in training, program implementation, and study evaluations; and
- ... and 1 more (see full listing online)

Exclusion (4)

- Cognitive, physical, sensory impairments, or language barriers (non-English speaking) that would impede participation;
- Suicidal intent or suicide attempt(s) within the past six months;
- Participation in another parent support research study at the time of recruitment; or
- More than three hospitalizations of either the parent or child within the past year, or other serious health concerns that would interfere with program engagement.
