

Effectiveness of Family-Integrated Newborn Care to Improve Outcomes for Preterm and Low-birth-weight Neonates

NCT07364903

Status	RECRUITING
Phase	Not Applicable
Sponsor	Laerdal Foundation
Enrollment	1,020 participants

Key Eligibility Criteria

Inclusion (2)

- All neonates aged 0-28 days admitted to level-2 NCUs in the neonatal care unit, including Kangaroo Mother care ward or mothers' side ward, with conditions that require hospital stay at 48 hours; and
- accompanied by at least one parent (preferably a mother) dedicated to spending up to 8 hours per day with the infant

Exclusion (3)

- Neonates with major congenital anomalies
- Infants with no family member to accompany the infant, or who do not consent to spend up to 8 hours per day in the NCU
- Families with confirmed physical and/or mental problems limiting their capability to communicate and to engage, or those who leave against medical advice

Locations (2 total)
