

# A Study of DC6001 Tablet in Healthy Chinese Adult Subjects

NCT07417566

---

Status	RECRUITING
Phase	Phase 1
Sponsor	Heronova Pharmaceuticals
Enrollment	76 participants

## Key Eligibility Criteria

---

### Inclusion (5)

- Healthy volunteers aged 18-55 years (inclusive) at the time of signing the informed consent form, regardless of gender;
- Male subjects with a body weight  $\geq 50.0$  kg and female subjects with a body weight  $\geq 45.0$  kg; BMI ranging from 19.0 to 28.0 kg/m<sup>2</sup> (inclusive of critical values);
- Women of childbearing potential (WOCBP) or male subjects must agree to have no childbearing plans and voluntarily adopt effective contraceptive measures for 6 months from pre-screening to the last administration of the study drug, with no plans for sperm or egg donation. For WOCBP: The serum pregnancy test result of WOCBP must be negative before the first administration;
- No history of major diseases; physical examination, vital signs, 12-lead electrocardiogram (ECG), chest X-ray, and laboratory test results during screening are normal, or slightly exceed the normal reference range but are deemed clinically insignificant by the investigator;
- Subjects are able to maintain good communication with the investigator, comply with all requirements of the clinical trial, and voluntarily sign the informed consent form.

### Exclusion (21)

- Subjects with clinically significant abnormalities or diseases occurring within 1 week prior to screening or currently present that require exclusion;
- Subjects with digestive system diseases affecting the absorption of fat-soluble vitamins occurring within 3 months prior to screening or currently present;
- Subjects with diseases related to vitamin A deficiency occurring within 3 months prior to screening or currently present;
- Subjects with acute diseases occurring from the screening phase to the first administration of the study drug that, in the investigator's judgment, may affect the study results;
- History of severe visual, ocular, or retinal diseases;
- ... and 16 more (see full listing online)

## Locations (1 total)
